## **LASALLE COUNTY VETERANS ASSISTANCE COMMISSION**

# **OFFICE SUMMARY**

## **OVERVIEW**

The staff at the LaSalle County Veterans Assistance Commission (VAC) offer comprehensive support for Veterans and their Families by assisting them with benefit applications and clarifying complex VA decisions to secure earned benefits.

## **IMPACT STATEMENT**

By assisting veterans and their families with benefits, the LaSalle County VAC brings in compensation payments to those who are eligible. This in turn allows for Veterans and their Families to stay in their communities and helps the area in which they reside thrive.

## **FISCAL YEAR 2025 RESULTS**

In fiscal year 2025, the LaSalle County VAC netted over \$10.7 million dollars in benefits paid directly to our Veterans and their Families. The office also assisted in paying \$8,725 in rent/utility payments for Veterans in need. Overall, the office has increased payouts to Veterans by over \$33.9 Million since 2022.

## **PARTNERSHIPS**

The LaSalle County VAC not only assisted Veterans and their Families financially, we also hosted, created and held events/programs that benefited our Veterans as well. This year we again partnered with Hines VA Medical Center, Veteran Readiness & Employment (VR&E), and provided a space for a counselor from the Aurora Vet Center. We continue to partner with a local food pantry and Midwest Shelter for Homeless Veterans to assist those that may need help with non-perishable items.

## **FUTURE GOALS**

The goal of the LaSalle County VAC has always been, and will continue to be, that of assisting our Veterans and their Families in every way possible. Our office has provided great benefits for the county and our Veterans this past year and we will continue look for ways to continue our mission for years to come.

## Legislation to Watch

H.R. 815 - To amend title 38, United States Code, to make certain improvements relating to the eligibility of veterans to receive reimbursement for emergency treatment furnished through the Veterans Community Care program, and for other purposes.

H.R. 1139 - This bill imposes fines on individuals for soliciting, contracting for, charging, or receiving any unauthorized fee or compensation with respect to the preparation, presentation, or prosecution of any claim for Department of Veterans Affairs benefits. The attempted commission of such offenses is also punishable by fine.

H.R. 1822 - To amend title 38, United States Code, to improve the review of claims for benefits under laws administered by the Secretary of Veterans Affairs..

S. 106 - To amend title 38, United States Code, to authorize the Secretary of Veterans Affairs to award grants to States to improve outreach to veterans, and for other purposes.

Illinois House Bill 1352 (HB 1352), introduced in the 2025-2026 session, creates the framework for multi-county Jurisdictional Veterans Assistance Commissions (JVACs), allowing veteran service organizations in adjacent, smaller counties (under 60k population or within a single judicial circuit) to form joint commissions for better resource sharing and expanded veteran support, amending the Military Veterans Assistance Act. The bill allows for pooled funding, shared staff, and unified governance, and includes provisions for existing commissions to merge or remain separate.
